WORK EXPERIENCE

ProScriptMD – Founder
May 2019 – Present

- Provide comprehensive medical writing services to diverse clients, businesses, publications, and websites, ensuring adherence to high-quality standards.
- Conduct thorough research and synthesize information to create engaging and relevant medical content across multiple formats.
- Helped develop medical education activities, contributing to projects for organizations such as Kaplan (Projects in Knowledge), Annenberg Center for Health Sciences at Eisenhower, and the Med Learning Group.
- Attended medical conferences and developed manuscripts highlighting key findings and insights from the latest research and clinical advancements.

Ben Taub Hospital – Clinical Research Coordinator
Jan 2018 – March 2019

- Directed specimen requisition, collection, labeling, storage, and shipment for a study investigating genetic markers and susceptibility to acute respiratory distress syndrome (ARDS) in critically-ill patients.
- Authored case reports for future publication on critical care illness during pregnancy, demonstrating strong writing and analytical skills.
- Assessed subject eligibility through screening interviews, medical record reviews, and discussions with healthcare professionals.

MD Anderson Cancer Center – Research Coordinator
May 2017 – Jan 2018

- Analyzed laboratory findings for a study on novel therapeutic treatments for cervical cancer, ensuring accuracy and reliability of results.

- Published findings in reputable gynecology/oncology journals, demonstrating effective scientific communication skills.
- Provided technical information about test results to physicians, family members, and researchers, facilitating comprehension and decision-making.
